

## Leon County Research and Development Authority

Supporting Research and Economic Development at Innovation Park in Tallahassee

### Scholarships for the EDC's Entrepreneurial Excellence Program

**Entrepreneurial Excellence Program:** January 10 to February 2, 2012. Helps entrepreneurs navigate the vulnerable stages of business development by providing access to a team of local business experts, researchers and specialists who help lay the foundation for a successful company. The program features such basics as effective business models; team development; legal foundations; marketing strategies; funding insight and entrepreneurial success stories. The Authority has scholarships for the program. [Learn more.](#)

### Introducing Farmers' Market Mondays

Starting November 14, 2011, a weekly Farmers' Market will be offered to members of Innovation Park's community in Tallahassee, Florida by the Leon County Research and Development Authority in collaboration with [Florida Agricultural and Mechanical University's Statewide Small Farm Program.](#)

Quality whole foods and products, such as such as jams, jellies, milk, meats, cheeses, and baked goods and prepared items, produced by local growers will be available.

**When:**

Mondays: 4:00 p.m. - dusk

**Where:**

On the grassy area in front of the Shaw Building, off Paul Dirac Drive.

Please let us know if you enjoy the Farmers' Market! [Email us.](#)

For additional information about this or other programs sponsored by Florida Agricultural and Mechanical University's Statewide Small Farm Program please contact:
